

# Accept Credit Cards on the Go with a FREE Comstar CHARGE ANYwhere® Wireless Terminal

Add  
Big  
Business  
Resources  
to  
Your  
Location

The ability to accept credit cards from any location with wireless equipment is now available to businesses of all sizes. With the Comstar CHARGE ANYwhere®, accept credit cards wirelessly from the point of transaction while accelerating the sales process, improving efficiency and reducing paperwork.

## Virtually Anytime, Anywhere Credit Card Processing

United Bank Card is offering the perfect solution to enhance your mobile business. Securely execute, authorize and manage payments virtually anywhere while improving your business with faster sales.

The Comstar CHARGE ANYwhere wireless terminal combines a compact card swipe device with a state-of-the-art, Web-based transaction database and reporting system. This terminal is the ultimate wireless solution to securely execute, authorize and manage payments by credit card in real-time.

- ▶ Wireless transactions in as little as 5 seconds
- ▶ Durable design at less than 9 oz.
- ▶ Online, real-time transaction reporting
- ▶ Secure wireless data transfer
- ▶ Strong and wide coverage area
- ▶ Custom applications available

The Comstar CHARGE ANYwhere is versatile, user-friendly and fits in the palm of your hand.

## Free Equipment

United Bank Card is offering the perfect solution to enhance your mobile business. For a limited time, we will provide you with a FREE Comstar CHARGE ANYwhere wireless credit card terminal (\$650.00 value) when you sign up for our service!

## Reduce Processing Fees

Any time you call-in or key-in a credit card transaction, you are charged a higher percentage rate from the credit card associations. The CHARGE ANYwhere will allow you to swipe credit cards from wherever you are, enabling you to qualify for "card-present" rates and to avoid the extra fees associated with keying in transactions.

## Take Advantage of this Extraordinary Opportunity

Contact your local sales office today and take advantage of the security and efficiency of wireless credit card processing!
